

NOT-A-TATTLER

THE NON-OFFICIAL PROBABLY-NOT-TRUE TRUTH MAG
OF THE NOT-NPS SUPPORT GROUP.

WEDNESDAY of NOT-NPS 2011

VOLUME 1, ISSUE 1

First Edition of the Not-A-Tattler arrives late not because the authors were drinking, but because there weren't any hotel room doors to slide copies under. That, and it took a really long time to pick out a font for the title.

POETS CRASH FACEBOOK

Late Tuesday afternoon, Mark Zuckerberg received the call he'd been dreading since the last time Facebook crashed. It seems that the huge population of poets not attending NPS this year formed a support group of some sort, driven, not unlike the Egyptian riots, by social media, leaving Marky-Mark with one question—just who is Lisa Strahley?

TRUTH IS OUT: FIRST DAY OF TATTLER JUST A LIST OF TEAMS NOBODY CARES ABOUT

Here are some more (real) teams nobody cares about:

- The Green Bay Packers
- Any Sports Team from Detroit (except Detroit Derby Girls)
- The Numbats (the Australia national sudoku team)
- The Wife Carrying Championship Team of Rocco Andreozzi and Kim Wasco
- All Octopush Teams (Hockey with no contact? Underwater?)
- The Panik Attack adult kick ball team from Virginia

Here are some teams we care about deeply:

- Beard Team USA (who took six golds at the 2011 World Beard and Moustache Championships in Trondheim, Norway).

FUN GAME!

Members of Beard Team USA or poets not attending NPS? You decide.

(Hint—none of them is Santa Claus)
